Pre-Installation of IRST(RAID) or storage Driver Using the F6 Method

1. Extract all IRST/Storage drivers which you prepared to a CD/DVD or a USB device.

2. During the installation of Windows, please select the disk to install Windows and click [Load Driver] to install your third party drivers.

Windows Setup				
Where do you wa	nt to install Windo	ows?		
Name		Total size	Free space Type	
Drive 0 Una	illocated Space	931.5 GB	931.5 GB	
<				>
the second second	Delete	Format	New New	
*9 Befresh	Extend			

Note: The following is demonstration IRST driver.

3. Please insert the media (CD/DVD or USB) which you prepared in step 1 when prompted with [Load driver] dialog. Then, select [Browse] to continue.

Selec	
	Load driver
	Note: The installation media can be a CD, DVD, or USB flash drive.
	Browse OK Cancel

4. Select the media or folder and press [OK]

Windows Se		
Select the d	Browse for Folder	
	Browse to the driver, and then click OK.	
	> Desktop	
	Documents Music	
	> 📲 Videos	
	> Pictures	
	> boot	
	> efi	
	> sources	
✓ Hide driver	> il support	
Browse	OK Cancel	lext

5. Please choose suitable driver for system controllers and press [Next] to continue.

Windows Setup	
Select the driver to install	
Intel Chipset SATA RAID Controller (C\IRST\iaStorAC inf)	
Hide drivers that aren't compatible with this computer's hardware.	
Brgwse	Ne

6. If your storage device is ready after driver installation, please continue to complete the process the Windows installation.
